# LICENSE FOR FOREIGN FILING UNDER Title 35, United States Code, Section 184 Title 37, Code of Federal Regulations, 5.11 & 5.15

#### GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

### NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

NOV 0 9 2004 OFFICE OF PETITIONS

In re Application of England Application No. 10/665,613 Deposited: September 19, 2003 Attorney Docket No. G711 For: GAMING SYSTEM EMPLOYING BOTH ACTION FIGURE AND VIDEO GAME PLAY

DECISION GRANTING PETITION

This is a decision on the petition, filed September 29, 2004 (certificate of mailing date September 24, 2004), requesting, in effect, withdrawal of the Notice of Incomplete Nonprovisional Application (Notice), mailed September 8, 2004.

The application was deposited on September 19, 2003. On September 8, 2004, the Office of Initial Patent Examination mailed a Notice informing petitioner that a filing date had not been accorded to the application papers deposited on September 19, 2003 because the specification did not include at least one claim. In addition, the Notice stated that the application was missing an abstract.

In response to the Notice, petitioner timely filed the present petition. Petitioner requests that the application be accorded a filing date of September 19, 2003 on the basis that a full specification, including claims and an abstract, was received in the Patem and Trademark Office (PTO) on September 19, 2003. In support, the petition is accompanied by a copy of applicant's itemized postcard receipt showing an Office of Initial Patent Examination generated barcode citing September 19, 2003 as the date of receipt. The postcard lists, *inter alia*, that the filing included 24 pages of specification. Only pages 1-11 are present in the application file.

The return postcard constitutes *prima facie* evidence that 24 pages of specification were filed on September 19, 2003. MPEP 503. Accordingly, the request is GRANTED.

The petition fee submitted with the instant petition will be refunded via a treasury check that will be scheduled shortly.

The application is being returned to Office of Initial Patent Examination for further processing, with a filing date of **September 19, 2003**, using pages 12-24 of the specification that were submitted with the instant petition. OIPE will mail a filing receipt in due course.
